

Patients With Dental Insurance

PPO Type Insurance:

It is our goal to provide you with leading edge dental technologies, the finest dental materials, and expert team in a comfortable environment. In order to provide this quality of dental care, we require all of our patients to pay their estimated personal cost of treatment at the time of their visit. PLEASE UNDERSTAND that we file dental insurance as a courtesy to our patients. Please take the time to read and understand your insurance policy and benefits. In most cases, dental insurance is a contract between your employer and a dental insurance company. The benefits you receive are based on the terms of the contract that were negotiated between your employer and the dental insurance company, and not our dental office. Our office will do everything possible to help you understand and make the most of your dental insurance benefits. We are not responsible for how your insurance company handles its claims or for what benefits they pay on a claim. We can only assist you in estimating your portion of the cost of treatment. We at no time guarantee what your insurance will Or will not do with each claim.

Your insurance company is required to pay each claim within 30-- - 45 days of receipt. We file all insurance electronically, so your insurance company will receive each claim within days of the treatment. You are responsible for any balance on your account After 45 days, whether insurance has paid or not.
