What can I said about Bright Dental more than I'm so happy to have all my family taking care By Dr Salooum. Alll his staff make you feel welcome and so comfortable that sometimes I forgot I'm in a dentist office, they are amazing . If you need an Appointment they will try to get you in as soon as possible which I love because with 4 kids sometimes my schedule is crazy Oh I almost forgot , My 7 years old daughter love going to the dentist because she knows she is in good hands with Dr Salloum . So thank you Bright Dental for taking care of my family of 6 :)

I have very bad dental anxiety but since I have been going to bright dental it has been getting better. Dr Salloum and Dominica were very accomodating and compassionate about my fear. They helped me get through a tooth extraction. It was painless and quick. I would recommend anyone with or without dental anxiety to go here. Everyone in the office is amazing.

Dr. Salloum and his staff have truly made a difference in my life. As the result of a very bad experience as a child, I have been a lifelong dental phobic and very apprehensive when dealing with a dental appointment. From my first experience with the Bright Dental office, Dr. Salloum and the staff, from the receptionist and office manager to the hygienists, have been professional, welcoming, and concerned with my comfort. Both Dr. Salloum and Colleen were great to answer any questions I had and to explain the procedure. Now, when I have a procedure done, I am relaxed and truly could almost have fallen asleep in the chair. Thank you so much for taking away my fear and apprehension.

The best dentist experience I ever had. Staff is very helpful and polite and so is the doctor. Not an ordinary dentist experience where everything is a rush. The doctor cares for your oral well being and gives advice on what is best for you. This dentist will always be my first choice and I will never go to any other dentist again. My highest recommendation for Bright Dental, Bethlehem PA.

My experience with Dr.Salloum and his staff was terrific, I use a wheelchair. The entrance to the facility is very good and the staff moved the big chair in the exam room to accommodate the wheelchair. My wheelchair reclines making it easy for the doctor and his staff to perform the their work. I recommend any and all who need dental work to make an appointment and consult with Dr. Salloum.

I absolutely love my dentist office and dentist. I honestly have never felt more comfortable going to the dentist. Dr. Salloum has truly taken the fear of the dentist away and the office staff are so friendly, easy to get along with and caring. I hope they are here forever and I never have to look for another dentist office again! Thank you for always making me feel comfortable and truly caring for your patients. It truly means a lot and is greatly appreciated.

Review for Rami Salloum Bright Dental PC

Absolutely incredible service--I had an emergency with my wisdom teeth. I called up Bright Dental and they told me to come in the same day to examine the tooth. The staff was kind and helpful. Operated on my tooth the same day. Dr. Rami is an excellent dentist--he assured me the procedure would be quick, easy, and painless, and he was correct. The day after the surgery my teeth barely hurt. Overall, excellent experience at Bright Dental.

I'm scheduled for allot of work to be done. From my very first visit there, until nowe the day after the removal of 5 teeth, I got every bit of confidence and trust in them. Dr. Sollum is the best. Was very concerned how I was during the whole procedure. His assistant, which I apologize for the lack of knowing her name was equally great. They make a great team. Yes I rated a 5 because they are the best. Highly highly recommend the whole team. Thumbs up to everyone there! Great team. Made me feel very comfortable and welcome. Thank you everyone.

I wrote this once before but it got lost in cyber world. My experience at Bright Dental was great. I hadn't been to a dentist for several years, but I had a painful tooth and I knew I needed to go. Everyone I met was professional and friendly. I am disabled and in a wheelchair and also on oxygen. The staff went out of their way to help. The doctor was very

thorough in reviewing my complex medical record and he was just fantastic. He asked me many times if I was alright and he was concerned for me and made sure I was comfortable. I would recommend him and his staff and I will return again as a patient.

Review for Rami Salloum Bright Dental PC

I think the staff works well together especially since I fear the dentist, they have a way to make people feel comfortable. I never thought I would say I don't mind going to the dentist but at Bright Dental I don't mind. Thank you for getting rid of years of fear for me.

Review for Emily Snyder

Good experience with the teeth cleaning and dentist. Thought it was odd the lady at the billing dentist was rude about me having insurance and that I gourd bright on the Guardian website. My insurance information was given in advance, so wouldn't you tell me then you don't take insurance? Bad customer service complaining that in front me, if your not supposed to be on the website as a dentist under insurance, then call them and tell them to take you off. I was really turned off by that. I was coming for a cleaning, I have insurance. If there is an issue with that then tell the customer when they are giving you their insurance information over the phone before they ever come there. The services were great, hopefully they are covered!

Review for Rami Salloum Bright Dental PC

Our old dentist retired and as everyone knows finding a good one may take some time. However, Dr. Salloum quickly filled in where our old dentist left off. I was there yesterday for a cavity. This was the first time I can honestly say I felt little to nothing while Dr. Salloum was injecting the medication in my mouth to numb my tooth. The procedure went as smooth as clockwork, looks and feels great. Everyone in his office is very pleasant. Dr Salloum answers all your questions and actually spends a little time with you before and after the procedure. Great office!!!

Bright Dental is the best!!! Everyone is friendly and professional, and Dr. Salome is amazing! He is passionate about his work, and displays a high level of artistry and skill with every procedure he does, even the most routine ones. If I move to NYC to do graduate studies, I will still travel out here for the best dentistry I have ever known!
